Curriculum Vitae (CV)

Prof. Dr. Christoph Janiak

Institute for Inorganic Chemistry and Structural Chemistry
Heinrich-Heine-University Düsseldorf
Universitätsstr. 1
D-40225 Düsseldorf, Germany
Tel.: int+49-211-81-12286
Email: janiak@uni-duesseldorf.de, http://www.janiak.hhu.de
(Researcher ID: A-6021-2013, ORCID: 0000-0002-6288-9605)

	born 1961 in Berlin, Germany, married, four children
1979 – 1984	Chemistry studies at the Technische Universität Berlin (TU Berlin)
1982 – 1983	Chemistry studies at the University of Oklahoma (OU), Norman, USA,
1984	Diploma (TU Berlin) and Master of Science (University of Oklahoma) "Synthesis and Structure of Pentaphenylcyclopentadienyl Group-IV Metal(II) Compounds with an Emphasis on Tin(II)"; advisors Prof. Herbert Schumann, Prof. Jerold J. Zuckerman (OU)
1985 – 1987	Ph.D. at TU Berlin, advisor Prof. Dr. Herbert Schumann
1988 – 1990	Postdoc at Cornell-University, advisor Prof. Dr. Roald Hoffmann
1990 – 1991	Industrial postdoc, Central Polyolefin Division, BASF AG, Ludwigshafen
1991 – 1995	Habilitation at TU Berlin
1996 – 2010	Associate Professor, Univ. Freiburg for Inorganic and Analytical Chemistry
2007 – 2010	Project coordinator *Regio Chimica*, binational integrated Bachelor of Chemistry between Université de Haute-Alsace (UHA/ENSCMu) and Univ. Freiburg
since 2010	Full Professor (Chair) for Bioinorganic Chemistry and Catalysis, Univ. Düsseldorf

Awards

1991	Heinz-Maier-Leibnitz award
1996	ADUC award for Habilitands
1997	Heisenberg fellowship
2006	Visiting professor at the University of Angers, France
2015-2018	Visiting professor at Wuhan University of Technology, China

Research Interests and Projects

– Metal-organic frameworks (MOFs), coordination polymers, chirality, supramolecular interactions
– Metal nanoparticles: Synthesis and catalysis; nanoparticles in ionic liquids

Editorial and Advisory Boards

2005-	*Zeitschrift Anorganische Allgemeine Chemie* (*ZAAC*, Wiley)
2006-2011	*Crystal Engineering Communications* (*CrystEngComm*, RSC)
2012-	*ChemistryOpen* (Wiley)
2013-2016	*Inorganica Chimica Acta* (Elsevier)
2014-2016	*Nano-Structures & Nano-Objects* (Elsevier)

Author and co-author of about 420 publications including text books and patents
h-Index (Hirsch-Index): 70 (Web of Science ISI, November 2017)
number of total citations without self-citations: > 18 690
